JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

INDIA.

Reports from Calcutta—Transactions of Service—Cholera, plague, and smallpox.

Acting Assistant Surgeon Eakins reports, March 21 and 28:

Week ended March 16, 1907. Bill of health issued to the steamship *Barenfels*, bound for Boston and New York, with a total crew of 72. The usual precautions were taken, holds fumigated, rat guards on wharf lines, and Lascars' effects disinfected.

Week ended March 9, 1907. Fifty-three deaths from cholera, 57 deaths from plague, and 75 deaths from smallpox in Calcutta.

In Bengal and India, during the same week, 5,212 cases and 4,286 deaths, and 49,743 cases and 41,667 deaths from plague, respectively.

Week ended March 23, 1907. No transactions.

Week ended March 16, 1907. Fifty deaths from cholera, 95 from plague, and 66 from smallpox in Calcutta.

In Bengal and India, during the same week, 5,920 cases and 5,019 deaths, and 58,099 cases and 49,440 deaths from plague, respectively.
